

State of New Jersey  
DEPARTMENT OF COMMUNITY AFFAIRS

DONALD T. DiFRANCESCO  
Acting Governor

JANE M. KENNY  
Commissioner

August 30, 2001

Ms. Carol Friedman  
Gabel Associates  
417 Denison Street  
Highland Park, NJ 08904

Dear Ms. Friedman:

The Division of Local Government Services is in receipt of your letter of July 26, 2001, concerning whether your approved plan of March 16, 2001, for bidding electronic generation service contract(s), was still in compliance with the requirements of the "Local Unit Electronic Technology Program and Study Act (P.L.2001, c.30) (Act)".

Based on your recent conversations with and representations to Joseph Valenti of our staff, it is our understanding that the March 16, 2001, approved plan will be again utilized by Gabel Associates on behalf of the Alliance of Competitive Energy Services (ACES) for its second round of e-bidding in September of 2001. Our review of your request and approved plan still finds it acceptable and in compliance with the requirements of the Act. Based on the present plan, no additional steps or modifications will be necessary at this time. However, if the plan is revised or modified, please notify my office as soon as possible.

Should you have any questions regarding this letter, please contact Joseph Valenti at (609) 292-7842.

Sincerely,

Anthony Cancro, Acting Director  
Division of Local Government Services

AC/JVjp
